

CUB SCOUT COMPETITIONS

BEST Americas 250 Theme CUB Campsite

Help us honor the 250th anniversary of the United States by transforming our campsite into a living tribute to American history, innovation, and spirit.

TOP Cub Pack Recycler of Cans and Bottles

This competition is a direct race to see which unit can collect the most cans and bottles. Every single piece of recycling brings your unit closer to victory, so start gathering your recyclables,

BEST Traditional Scout CUB Campsite

Judges rate the campsite using a 0-to-10 scale across several key operational and safety categories, including proper flag displays (American and Unit flags), a visible duty roster and fire guard chart, the presence of a first aid kit, general cleanliness, and critter-proof food storage

Cub Camp Clear recycling collection station

Clear, highly organized, and visible recycling center at their campsite. The winning unit sets a powerful example of Leave No Trace principles

SCOUTS BSA COMPETITIONS

BEST Americas 250 Theme Scouts BSA Campsite

Help us honor the 250th anniversary of the United States by transforming our campsite into a living tribute to American history, innovation, and spirit.

TOP Troop Recycler of Cans and Bottles

This competition is a direct race to see which unit can collect the most cans and bottles. Every single piece of recycling brings your unit closer to victory, so start gathering your recyclables,

BEST SCOUT GATEWAY

The Best Gateway Competition celebrates the ultimate showcase of pioneering skills, teamwork, and troop pride.

Built entirely by the youth using traditional Scouting knots and lashing techniques. Points are awarded based on structural stability, proper rope work, creative themes, and functional elements like working camp gates or integrated camp signboards.

BEST Traditional Scout BSA Campsite

Judges rate the campsite using a 0-to-10 scale across several key operational and safety categories, including proper flag displays (American and Unit flags), a visible duty roster and fire guard chart, the presence of a first aid kit, general cleanliness, and critter-proof food storage

Troop Camp Clear recycling collection station

Clear, highly organized, and visible recycling center at their campsite. The winning unit sets a powerful example of Leave No Trace principles

Scouts BSA Signal Contest

Quickly set up a field communication system to transmit a tactical instruction
Send a secret message accurately from a sending station to a receiving station across a distance where voice communication is impossible

Troop Structure: Troops are divided into a Sending team (Minimum one reader, one signaler) and a Receiving Team (Minimum one observer with binoculars/eyes, one writer).

Methods allowed: Semaphore flags, Wigwag flags (Morse code using a single flag) or flashlights

Scoring: The winner is determined by a combination of the fastest time and the highest accuracy (points deducted for misspelled words or missed letters).

Quickly set up a field communication system to transmit a tactical instruction
TIME:HQ AT 6:30PM Saturday to pickup your secret message and get instructions
